Janice Curtis Greene
Baltimore County

We are looking for workshop leaders, potential descendants, and volunteers--particularly youth!

Learn about upcoming initiatives of the Ancestral Remains Cemetery Research & Preservation Committee at this first meeting. Commissioners of the MCAAHC, MHT, and staff from the MAC Lab are collaborating on a plan consistent with state regulations that will permit these remains, located at **Bennett's Point, Queen Anne's County**, of African Descent to be laid to rest. This is an important and innovative project that is expected to serve as a national model for other institutions for the transfer of human remains.

ABOUT THE COMMISSION

The Maryland Commission on African American History and Culture is committed to discovering, documenting, preserving, collecting, and promoting Maryland's African American heritage. The Commission also provides technical assistance to institutions and groups with similar objectives. Through the accomplishment of this mission, the MCAAHC seeks to educate Maryland citizens and visitors to our state about the significance of the African American experience in Maryland.
