About Chair Dr. Edwin T. Johnson

Chair Johnson, representing Baltimore City, was appointed to the MCAAHC in 2016 by Governor Larry Hogan. Chair Johnson is the Special Assistant to the Provost and University Historian at Morgan State University. For more than 20 years, his work has primarily served non-traditional students including at-risk males, minorities, first-generation college attendees, adult learners, veterans, and disabled students.

During his tenure on the commission, Chair Johnson was instrumental in legislative advocacy successes for the commission and the African American Heritage Preservation Program grant. He was also the catalyst for the historic name change of the soon-to-be Banneker-Douglass-Tubman Museum!
